EASTERN SHORE

EASTERN SHORE

History and natural beauty combine to make Virginia's Eastern Shore a special destination. The Eastern Shore region is accessible via the 17.5-mile Chesapeake Bay Bridge-Tunnel. The Shore stretches 70 miles and is situated between the Chesapeake Bay and Atlantic Ocean.

One of the most beloved sites on the Eastern Shore is the Chincoteague National Wildlife Refuge, where the annual Pony Swim and Auction occurs.

No other beach walk will be as memorable as the one you'll take on Assateague. Watch wild ponies feed on the marsh grasses.

Other Eastern Shore notables:

The Assateague Lighthouse
Eastern Shore Railway Museum
NASA Visitor Center at Wallops Flight Facility
Eastern Shore of Virginia National Wildlife Refuge
Wreck & Bone Island Natural Area Preserve
Kiptopeke State Park - home of the Eastern Shore Birding Festival in October!

NORTHERN VIRGINIA

Northern Virginia is next door to our nation's capital - Washington, D.C. - yet has kept its own character reminiscent of colonial times, rambling plantations, equestrian farms and cobblestoned streets leading to quaint taverns, chic shops and historical gems.

Fairfax County is a treasure trove of unique historic sites, museums, performance venues, and natural wonders. Visit and discover such national treasures such as George Washington's Mount Vernon Estate & Gardens, the Smithsonian Air and Space Museum Steven F. Udvar-Hazy Center, the Workhouse Arts Center, Wolf Trap National Park for the Performing Arts, and Great Falls National Park.

Much more history can be found in Northern Virginia. Arlington honors our nation's soldiers and military history at Arlington National Cemetery and the Women in Military Service For America Memorial.

A beautifully-preserved historic district on the Potomac waterfront, Old Town Alexandria is the heart of the city George Washington called home. Today, Old Town's cobblestone streets and red brick sidewalks hum with an energy that attracts everyone from presidents to pet lovers to some of the region's best chef-driven restaurants; a vibrant arts culture, including the nationally renowned Torpedo Factory Art Center; a thriving boutique scene; numerous boat tours and water taxis; and creative cocktails and craft brews, including Alexandria's own Port City Brewing Company, recently named the Best Small Brewery in America."

**VIRGINIA
IS FOR
CAMPING
LOVERS**

The Shenandoah Valley stretches 200 miles across the Blue Ridge and Allegheny mountains. It's been nicknamed "The Big Valley" and immortalized in song, dance, film and television.

The history and heritage of the region includes many sites devoted to the pioneers who traveled westward, settled and farmed - those like the Frontier Culture Museum in Staunton and Cyrus McCormick's Farm in Raphine. He invented the first reaper!

During the Civil War this region was nicknamed "The Breadbasket of the Confederacy." In Lexington, visit Virginia Military Institute and Washington & Lee University - where Gen. Robert E. Lee served as president after the war and where the Lee Chapel & Museum is located. See battlefields - New Market Battlefield State Park and Fisher's Hill Battlefield.

Another historical site of the region is the birthplace of President Woodrow Wilson.
